

ELECTRONIC WALL LAMPS

The lamps have the superior dust proof, fog proof and water proof as well as non-shadow and a superb glare control.

The luminaire body is made of quality aluminium, and opal cover is light weighted, high-strength, shock-bearing, corrosion resistant and durable.

The advanced T5 source and ATD high efficiency electronic ballast gives the lamp longer lifetime and superior characteristics.

Application: luxurious hotels, restaurants' toilet, home dressing mirror, shop windows and dormitory.
