

▶ Features and Benefits

- * No UV or infrared radiation.
- * Mercury-Free.
- * Low temperature while high power operation.
- * Built-in LED current-control driver.
- * Constant light output.
- * Instant on, instant bright.

▶ Typical Applications

- * General Lighting.
 - * Architectural Lighting.
 - * Exhibit Lighting.
- Widely applied in boutiques/shops, shopping malls, hotels, restaurants, lounges, museums, galleries, office etc

LED Tube

| Item No. | Description | Watts | Voltage | Color Temperature (CCT) | Light Output (Lm) | CRI | Lifetime (Hour) | MOL (mm) | MOD (mm) | To replace Fluorescent | Standard |
|----------|-------------|-------|----------|-------------------------|-------------------|-----|-----------------|----------|----------|------------------------|----------|
| AT8-9W | T8 Tube | 9W | 100-240V | 840 860 | 630 lm | 75 | ≥ 30,000h | 603 | Φ32 | 18W | ESV |
| AT8-18W | T8 Tube | 18W | 100-240V | 840 860 | 1250 lm | 75 | ≥ 30,000h | 1212 | Φ32 | 36W | ESV |
| AT8-32W | T8 Tube | 32W | 100-240V | 840 860 | 2200 lm | 75 | ≥ 30,000h | 1513 | Φ32 | 58W | ESV |
